CME 12 Hours MOH

THE EVENT

“Motivating”

“Excellent”

“Always very cool!”

Dubai gathered for the fourth time the world experts of Dental - Facial Cosmetic on 09th - 10th November 2012, an international conference, open to all aspects and specialists working in the field of aesthetic dentistry and implantology. With the excellent ambience and cozy atmosphere the conference again provided warm exceptional networking opportunities while connecting the leaders in the field of Aesthetic Dentistry & Implantology – practitioners, researchers and industry players.

The organizers,

Emirates Dental Society, Saudi Dental Society and CAPP for the 4th time achieved a great record of attendance and continued the reputation as the industry’s leading international conference in the field of Aesthetic Dentistry and Implantology.

Participant Country Representation

15 sponsors – Sirona, Ivoclar Vivavent, 3M ESPE, Noble Medical Equipment, Pharmapal, GSK, Philips Sonicare, MPC, Vita, KaVo, White Implants, Zimmer, Osstell, Southern Implants and Invisalign supported the conference.

Other Industry Players – Dubai Medical Equipment, Al Thanaya Pharmaceuticals, Dentegris, High Technology Lab, Mdent, Intensiv, Qualident. In total 42 companies represented 9 countries at the exhibition – United Arab Emirates, Germany, Switzerland, Lichtenstein, USA, Greece, Italy, South Africa and The Netherland.

Jumeirah Beach Hotel hosted 886 participants – Dentists, Dental Technicians, Dental Industry and Dental professionals in the very elegant atmosphere. Bringing together industrial leaders and professional practitioners, the conference not only delivered extensive scientific knowledge from across the globe but gave way for an excellent opportunity to present the latest advancements and developments within the Dental Facial Cosmetics practice.

The 4th Dental Facial not only opened the doors to open-discussion and learning for this knowledge hungry region but allows the participants to build their skills and use the opportunity for networking and sharing experiences in the application of technology throughout the learning cycle - from primary and secondary education through to professional development and lifelong learning.

The Conference

“Extremely interesting. Smart lecturers”

Prolific world known International speakers joined forces to present a the full two day Scientific Program to the highly numbered and hungry for knowledge, dental delegates at the astonishing Jumeirah Beach Hotel in Dubai. Under the Chairmanship of the experienced and charismatic Dr. Munir Silwadi, all sessions of the program were presented smoothly with sharp discussions and beneficial feedback to take dentistry forward.

Were the learning objectives initially well defined?	Yes: 97.6%
Were the learning objectives met?	Yes: 97.4%
Was there sufficient time for discussion?	Yes: 96.4%

Speaker Feedback

The Dental Technicians Parallel Session

190 Dental Technicians for ME attended to the Dental Technicians parallel session on the second day of the conference. The introduction of this new Session last year has seen a vast improvement in the interest to improve the skills of the technicians at our conferences. We all recognize the importance the Dental Technician plays in the Dental Team and it is important to provide these technicians with the necessary up to date, training with cutting-edge technology evolving so quickly, the need for more and improved Lab training is essential.

The DT Speakers

Aiham Farah, CDT

- NOPREP Veneers, Technical Point of View
- Dentcisal: One Layer Story
- With More Brightness: New (Value) Ingots

Dr. Mohamed El Sayed Hassanien

CEREC inLab - The Innovative Software for Professional Lab Technicians

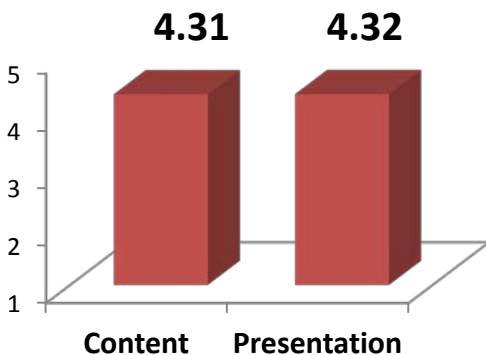

Dr. Petros Yuvanoglu

Passive Abutment for Perfect Fit

Speaker Feedback

The Dental Technicians Parallel Session focused on providing Dental Lab Technicians with contemporary technology focused education. The program covered various aspects in the usage of veneers, new innovative lab techniques and abutments. Regardless whether Labs use the most straightforward or advanced systems, the training and vendor support provided was essential to all Dental Lab Technicians. The unique course offered key focuses on increasing lab productivity while improving the efficiency of the Dental Team.

“A-Z good overall review”

DELEGATES

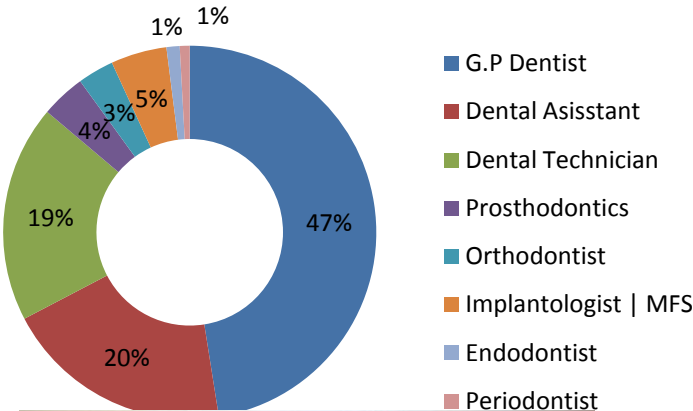

"Exactly what I do in my clinic"

The Scientific Program attracted 736 dental delegates and 150 Representatives from the industry all in all from 27 different countries such as: Algeria; Austria; Bahrain; Belgium; Bulgaria; Egypt; Germany; Greece; India; Iran; Iraq; Jordan; Kenya; Kuwait; Lebanon; Libya; Pakistan; Palestine; Poland; Qatar; Romania; Saudi Arabia; Sudan; Switzerland; Syria; Turkey and UAE. Delegates listened to the latest opinions, trends, and insights from industry thought leaders, shared experiences with colleagues, made new contacts and tightened existing relationships whilst exchanging ideas and knowledge on the latest trends and developments of Aesthetic Cosmetic Dentistry and Implantology.

Specialty Representation

Dentists from different specialties joined our event, General Practitioners, Dental Assistants, Dental Technicians, Prosthodontists, Orthodontists, Implantologist, MFS Endodontists, Periodontists, Conservative Dentists and Cosmetic Dentists – all enjoyed the high level of the scientific program while having taking the opportunity to meet the top industrial players in this field during the two day event in Dubai.
